VIRTUAL TOURS

Using a Matterport camera, our team will create an interactive walk-through experience for your home. This allows potential buyers to tour your home from anywhere in the world.

DRONE VIDEOS

For luxury homes, we include a drone video that showcases not just your home, but also the property and surrounding area.

PROFESSIONAL CLEANING

DECLUTTERING

Clearing away clutter can open up the space and help those visiting envision their future living here.

MAKE IT SPARKLE

Our professional cleaners will clean your entire home before listing, so that it sparkles from top to bottom.

HEALTH & SAFETY

Cleaning helps stop the spread of germs. Not only do we complete a professional deep-clean to prepare your house to go on the market, but your agent will also regularly sanitize throughout your listing to help keep everyone safe during private showings and open houses.

MARKET RESEARCH

PROPERTY RESEARCH

We will complete extensive research before listing your home to ensure your property is priced competitively for the area and current housing climate.

AREA KNOWLEDGE

All of The Kesh Group agents are born and raised in the Niagara Region. We are familiar with each of the unique communities across the Region and will ensure that your neighbourhood's highlights are featured in your listing to help attract buyers.

NIAGARA NETWORK

Our team is well connected in the Niagara Region with other REALTORS® as well as trades and professionals in the home ownership industry. We will use this network to ensure your home sells for top dollar.

TARGETED ADVERTISING

ADVERTISING

Our top priority is getting your home in front of potential buyers' eyes. Your property will be digitally advertised on realtor.ca, thekeshgroup.com, royallepage.ca and nrcrealty.ca. Additionally, your listing will be shared through our team's numerous social media pages and exclusively advertised through our REALTOR® networks in the Niagara Region as well as the Toronto Board. Our lawn signs and printed feature sheets, which are displayed at your home and in our office, allow viewers to scan a QR code that leads directly to a webpage which provides additional information about your beautiful home.

HOME VIEWINGS

Our team is proud to offer the option for either in-person or virtual open houses and showings. We ensure safety, security and ease for all home viewings.
